Trustee Watson had questions concerning the Sewer fund. The Revenues and Expenditures in the fund he noted, there is approximately \$1,400,000 expenditures over revenues in the Sewer fund he wondered why the deficit is so high. Finance Director Pries noted that their projecting a 2.1 growth in expenditures in the sewer fund and a .24 decrease in revenues. The high decrease in revenue is mainly because of the KRMA project, maintenance such as health insurance, wages, software, IMRF pension costs. It was noted by Trustee Watson that he thought we had a balanced budget. Finance Director Pries stated the General Fund has a balanced budget but not the Sewer fund. In the General Fund they are taking some money out of savings for safety improvements at the counter in the Village Hall, HVAC and costs related to the Generator. Adding these costs back in there is actually of a surplus in the General fund 2016-17 FY of approximately \$411,000.

He noted they are all presently taken, he wanted the Trustee's opinions and was curious if the Trustee's were interested in increasing the number available. Trustee Redmond recommended sending it to the Licensing Committee this was agreed upon. Trustee Balthazor stated that he will call a meeting of the Licensing Committee in the near future.

NEW BUSINESS

Trustee Watson stated he had questions from businesses along the Franklin & Schuyler intersection, will there be more street closings due to sewer work, and were businesses given notice.
