Brief Summary:

The Village of Bradley Police Department has recently purchased new portable and mobile radios, moving to a new mandated STARCOM system. This move has left the older radios unusable and no longer supported by the new system.

The Police Department has outdated, broken, or unrepairable equipment in the inventory. The attached Equipment list includes the device, model, serial number, and reason for disposal.

Prior to the disposal of data processing equipment, the Deputy Chief is responsible for assessing whether to remove data from the equipment. If it is possible to access personal information, confidential information, mission critical information, intellectual property, or licensed software contained on the equipment, the equipment storage device will be sanitized or the storage device will be destroyed.

Recommendation:

The recommendation is that an ordinance authorizing the disposal of the equipment be drafted, reviewed, and adopted.
