Brief Summary:

The Village of Bradley Public Works Department has recently purchased new equipment. This move has left the older vehicles and equipment to be less than road worthy for maintenance functions, or unusable in that capacity without expensive repairs.

The Public Works Department has attached the equipment to the inventory. The attached Equipment list includes the manufacturer, model, vehicle identification numbers, and reason for disposal.

Prior to the disposal of data processing equipment, the Director is responsible for assessing whether to remove equipment from the vehicles and clearing any electronics with data.

Recommendation:

The recommendation is that an ordinance authorizing the disposal of vehicles and equipment be drafted, reviewed, and adopted.
